UNITED STATES DEPARTMENT OF AGRICULTURE  
Agricultural Marketing Administration  
Washington, D. C.

June 3, 1942

ADMINISTRATOR'S MEMORANDUM NO. 13

The broader scope of U. S. D. A. War Board work, and the recent consolidation of three Bureaus into the AMA has called for a study of our representation on the State War Boards. As a result, some replacements have been made, and others are being considered. A list of the present AMA State War Board personnel is attached.

So that a successful working arrangement may be established between the Boards and AMA, I am today designating J. B. Wyckoff as this Administration's contact officer. In this capacity, Mr. Wyckoff will represent AMA on the War Board Advisory Committee; receive and forward to Branch and Division Chiefs, inquiries, comments and criticisms coming to us in minutes of meetings or in individual letters; transmit suggestions or suggested programs to the Advisory Committee; and prepare a weekly letter to AMA War Board members in cooperation with the Marketing Reports Division.

Through the 48 State War Boards, plans and programs of the Department of Agriculture are carried to 3022 County War Boards, many of which publish regular letters to all farmers in their respective counties. These facilities for wide contact should be used wisely and consistently to make AMA programs fully effective.
